Larger size prices, call Wagner, 800-874-1998
 Male Slotter w/radius is \$2.45 add., 2nd tip, \$1.05

Throughout our 43+ years, techniques innovated by Wagner industries and the materials we have developed have made this one of the best ways to improve box quality and reduce costs, especially in today's market. **Reconditioned Parts cost about 1/3rd of new parts and should last as long as originals. Satisfaction guaranteed or your money back.**

All knives and slotters are given a micrometer inspection. **Those not meeting minimum standards are discarded.** The balance are welded and precision ground to exacting specifications. The result is a knife that should perform like new for a fraction of the cost.
