

## Wagner Manufactures Three Different Feed Rolls...

**Quickroll™ Feed Roll.** Made from our Duoflex™ special urethane. Never change out another Feed Roll again. When first set wears out, replace with second set. Then you can have old segments recovered for 65% of new!!!

1. **You have a spare core.** Send to us, we will clean and grind (if necessary). We need 3/4" of urethane, all the way around, and we will apply first set of Quickrolls™.
2. **Do not have a spare roll?** (1) have your spare roll cleaned and ground locally to our specs. We will ship the proper Quickroll™ segments just in time; or (2) We will manufacture a spare core for you and complete the process of covering your roll.

You have a choice of 35 or 40 duro.

Urethane does not gain duro like Buna N (a rubber product most people use).

**Duoflex™ Feed Roll.** Made from our 40 durometer Duoflex™ urethane. Send core to us for recovering. We will clean, kiss grind and cover (bonded to core). Remember, urethane does not gain duro like Buna N in traditional rubber rolls. Need a spare core, we manufacture most cores (if we have available drawing).

**No Crush Feed Roll,** No Crush Feed Roll is manufactured from our proprietary urethane at 60 durometer. Sections are 3.0625" wide, including a .0625" spacer cast on the side. If you can clean and kiss grind your own core we can send the sections and a Resin so you can cover your own shaft. You can also send old roll to us and we can clean and cover your core.

We manufacture Feed Rolls for the following equipment:

- Emba Model 240
- Emba Model 160/170
- Isowa 35" x 85"
- Isowa 38" x 100"
- Isowa 50" x 108"
- Isowa 50" x 110 "
- Isowa 66" 120"
- Hooper 35" x 78.5"
- Hooper 35" x 80"
- Hooper 35" x 85"
- Hooper 35" x 98"
- Hooper 50" x 88.5"
- Hooper 50" x 103.5"
- Hooper 50" x 113"
- Hooper 60" x 140"
- HyCorr 66" x 113"
- Koppers 35" x 80"
- Koppers 35" x 85"
- Koppers 50" x 110"
- Koppers 50" x 113.5"
- Koppers 66" x 110"
- Koppers 66" x 130"
- Koppers 72" x 160"
- Langston Mini 26" x 67"
- Langston Mini 30" x 68"
- Langston 37.5" x 82"
- Langston 37.5" x 96"
- Langston 50" x 110"
- Langston Titan 66" x 113"
- Langston Titan 66" x 130"
- Langston Greenwood
- Martin/Bobst Martin 616
- Martn/Bobst Martin 924
- Martin/Bobst Martin 1228
- Martin/Bobst Martin 1628
- Martin/Bobst Martin 1632
- Martin/Bobst Martin 1636
- McKinley 66" x 80"
- McKinley 66" x 110"
- McKinley 66" x 150"
- McKinley 66" x 170"
- McKinley 66" x 190"
- MHI Evol Model 84
- S & S/Prime 701/ZLA 38" x 80"
- S & S/Prime 704/ZLC 50"x110"
- S & S/Prime 707/ZLB 38" x 96"
- S & S/Prime 709/ZLD 50" x 130"
- S & S ZLM 38" x 86"
- S & S ZLR 50" x 110"
- Simon Model 230
- Simon Model 350
- Serenco 50" x 110"
- Serenco 66" x 110"
- Staley 66" x 65"
- Staley 66" x 80"
- Staley 66" x 113"
- Staley 66" x 130"
- United 50" x 113"
- United 66" x 110"
- United 66" x 130"
- Ward 37.5" x 96"
- Ward 50" x 110"
- Ward 66" x 80"
- Ward 66" x 113"
- Ward 66" x 125"
- Ward 66" x 170"
- Ward 75" x 185"
- Workhorse (Grant) 50" x 110"
- Workhorse (Grant) 66" x 110"

NOTE: FFG's and RDC's have two measurements the board and the printing width.

Your machine not listed? We can probably cover most machines with one or more of our Feed Rolls, including Flexoline/Advanced, BGM, Curioni, Emba, Grant/Workhorse, Hamada, Maramatsu, MHI, Latitude, TCY and other machines. Send your core to us and we will let you know if we can provide the preferred cover and inform you of the prices before proceeding. If we cannot, we will return shaft to you.
