

Dovey Sweed Scrap Choppers

Model 300 Scrap Chopper

The **Model 300** is a tough, economical scrap Chopper that will be the saving grace for a lot of companies. The "Bandit" is a fully engineered scrap chopper whose design introduces new technology and production efficiency. This unit is ideal for plastic and steel banding. It is the perfect solution for small packaging plants. The **Model 300** is designed to fit on a barrel or can can sit on an **optional stand**.

These materials can be processed through the **Model 300 Scrap Chopper**:

3/4" x .031 steel banding with clip
5/8" x .030 plastic/PET Straps
3/4" x .050 plastic/PET Straps

Performance Data:

Electric Motor: 1/2 HP
Infeed Speed: 123 fpm
Cut Length 2 5/8"
Infeed Opening: 1 x 1 5/8"

Model 450 DX Banding Chopper

The **Model 450 DX** combines the chopping benefits of Sweed's previous model 450 WM and Model 450 XHD into one unit. It is the preferred scrap chopper to tackle high volumes of 3/4" plastic and steel banding with clips. It will also handle light weight wire. It features a wide infeed, which allows for easy feeding of scrap material. It has one stationary and one rotating knife that produces a standard length of about 3". **Steel Stand and hopper optional**.

These materials can be processed through the **Model 450 DX Banding Chopper**:

3/8" x .78" steel banding
1/2" x .0625 steel banding
3/4" x .046" steel banding
5/16" x .031 steel banding
1" x .031 steel banding
All sizes of plastic/PET Banding

Performance Data:

Electric Motor: 1 HP
Infeed Speed: 106 fpm
Cut Length 3":
Infeed Opening: 3.5" x 1"
Weight: 350 lbs.

Model 450 DDX Banding Chopper

The **Model 450 DDX** boasts a robust power alongside a dual drive feedworks. Driving both reel rolls on the chopper allows the unit to process scrap quickly and efficiently, making it suitable for chopping large amounts of tangled plastic strapping. **Stand is optional**.

The same materials that the **450 DX** can process, can be processed on the **450 DDX**, but faster

Performance Data:

Electric Motor: 1 HP
Infeed Speed: 120 fpm
Cut Length: 3"
Infeed Opening: 3.5" x 1"
Weight: 350 lbs.
