

DOVEY PLYWOOD DIE CARRIER FOR USE ON THE SLOTTING SECTION

- The DOVEY plywood die carrier is made to use on the slotting section of a printer slotter as a diecut section. The carriers are designed to install and be removed as needed.
- Almag hubs are supplied that support the steel cylinder that is drilled and tapped with either $\frac{1}{4}$ or $\frac{5}{16}$ holes on 2" X 2" centers.
- Depending on requirement the carriers can be supplied in different widths.
