

# The EASY OUT Die Bolt That Saves You Time, Expense, and Inconvenience.

Drilled 5/64" hole.

1. The bolt is produced with a 5/64" hole in the shank that does not reduce the torque strength. Available in 5/16" only.

When the bolt finally breaks the exposed center hole allows for instant removal of stub with a common extractor; **one shipped with each order.**

Standard thread.

Metric thread.
