

# Tower 270 Concentrated Flexo Cleaner

**Non-Solvent, Biodegradable Water Based Flexo Wash-up**

The Dovey Corporation is joining forces with Tower Products Inc, located in Philadelphia PA. Tower has been a major force in the narrow web flexo industry with products like the Tower 270 Concentrate. The Tower 270 Concentrate is a chemical based detergent. It was expressly designed for the Water-based flexo inks used in anilox systems for the Corrugated box industry. This biodegradable liquid detergent, effectively and economically cleans flexo anilox systems when diluted 1:50 with water. Try the Tower 270 today and see the difference for yourself, when matched with pricey new generation super flexo detergents.

## FEATURES:
